Kathy,

Have you used Quicker? I know you are using MAX. If so, which is easier to use or more user-friendly, Quicker or MAX?

I have had problems in the past with Quicker not recognizing my login, probably because when we change our passwords it is not always being updated everywhere in the EPA systems.

Monica S. Morales
Acting Director
State Partnerships & Sustainable Practices Program (8P-SA)
U.S. EPA Region 8
1595 Wynkoop Street
Denver, Colorado 80202-1129

When I called IT and explained we wanted to be able to share the document and people be able to work on it from home, they said Quicker was what we were supposed to use.

-----Original Appointment-----

Subject: Accepted: Wyoming Regional Haze
When: Monday, August 12, 2013 1:00 PM-2:00 PM (GMT-07:00) Mountain Time (US & Canada).
Where: TBD

I can be there for the first 30 minutes. Why are we using Quicker? Shouldn't we use a Cloud format like MAX, since we don't have SharePoint yet? You can get to MAX through the internet and don't need to go through the EPA system.
